

Low-Risk Neonatal Nursing Course

Internet Live Activity

Date: 05/19/2025 – 05/20/2025

Location: Live Webinar (hosted via Zoom)

Accreditation:

The Pediatrix Center for Research, Education, Quality and Safety is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation.

The Pediatrix Center for Research, Education, Quality and Safety designates this Internet Live activity for a maximum of 15.25 *nursing contact hour(s)*. Participants should claim only the credit commensurate with the extent of their participation in the activity.

Mitigation of Relevant Financial Relationships

The Pediatrix Center for Research, Education, Quality and Safety adheres to the ACCME's Standards for Integrity and Independence in Accredited Continuing Education. Any individuals in a position to control the content of a CE activity, including faculty, planners, reviewers or others are required to disclose all financial relationships with ineligible companies within the 24 months prior to their involvement with the CE activity. All relevant financial relationships listed have been mitigated prior to the commencement of the activity. Beyond disclosure of financial relationships, faculty are required to disclose when they plan to discuss pharmaceuticals and/or medical devices that are not approved by the FDA and/or medical or surgical procedures that involve an unapproved or "off-label" use of an approved device or pharmaceutical.

Disclosure of Relevant Financial Relationships

Josephine Danielson, RRT, Christie Sawyer, NNP-BC and Patti Scott, NNP, faculty for this activity, have no relevant financial relationship(s) with ineligible companies to disclose. *FDA Disclosure(s): none reported.*

Nicole Brenson and Jaya Sariga, NNP-BC, planners for this activity, have no relevant financial relationship(s) with ineligible companies to disclose.

Commercial Support:

There is no commercial support for this educational activity.

Overview:

This educational course is designed for perinatal healthcare providers working in Level I, II, and III facilities providing care to well and moderately sick newborns. At the conclusion of the activity, learners will integrate at least one strategy or technique to provide stabilization and ongoing care to neonates in the unit.

Objectives:

At the conclusion of this activity, the participant will be able to:

1. Discuss the normal physiology of transition of the newborn after birth.
2. Review complications that can occur in a newborn following birth.
3. Define the characteristics of a normal and abnormal physical examination of a newborn.
4. Identify perinatal and bacterial infections and their management in newborn.
5. Discuss the care a well-to-a-moderately-ill newborn requires regarding their intrauterine exposures and nutritional & fluid needs.
6. Explain newborn screen testing and interpretation of the results.
7. Describe common newborn conditions associated with respiratory, gastrointestinal, metabolic, immune, cardiac, and hematologic systems and their management.

IOM Competencies: Work in interdisciplinary teams, Employ evidence-based practice

Evaluation, Attendance and Credit:

Within <https://pediatrix.cloud-cme.com>, click My CE and then select Evaluations and Certificates. Follow the instructions to record attendance/time spent and complete the brief evaluation. **Completion of the evaluation within 30 days is required to receive nursing contact hours for this educational activity.** You will have the option to email the certificate of attendance to your mailbox.
