

## The Role of Rapid Exome or Genome Sequencing in the NICU Webinar

### **Internet Live Activity**

**Date:** 03/04/2026

**Time:** 04:00 – 05:00 p.m. Eastern

**Location:** Live Webinar (hosted via GoToWebinar)

### **Accreditation**

The Pediatrix Center for Research, Education, Quality and Safety is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The Pediatrix Center for Research, Education, Quality and Safety designates this Internet Live Activity for a maximum of 1.0 *AMA PRA Category 1 Credit*<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The Pediatrix Center for Research, Education, Quality and Safety is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation.

The Pediatrix Center for Research, Education, Quality and Safety designates this Internet Live Activity for a maximum of 1.0 *nursing contact hour*. Participants should claim only the credit commensurate with the extent of their participation in the activity.

### **Mitigation of Relevant Financial Relationship**

The Pediatrix Center for Research, Education, Quality and Safety adheres to the ACCME's Standards for Integrity and Independence in Accredited Continuing Education. Any individuals in a position to control the content of a CE activity, including faculty, planners, reviewers or others are required to disclose all financial relationships with ineligible companies within the 24 months prior to their involvement with the CE activity. All relevant financial relationships listed have been mitigated prior to the commencement of the activity. Beyond disclosure of financial relationships, faculty are required to disclose when they plan to discuss pharmaceuticals and/or medical devices that are not approved by the FDA and/or medical or surgical procedures that involve an unapproved or "off-label" use of an approved device or pharmaceutical.

### **Disclosure of Relevant Financial Relationships**

**Monica Wojcik, MD**, faculty for this educational activity, has the following relevant financial relationships with ineligible companies to disclose: Consulting Fee – Genzyme Corporation; Illumina (Relationships have ended); Honoraria – GeneDx; Genzyme Corporation; Illumina (Relationships have ended). *FDA Disclosure(s)*: none to report.

**Timothy Biela, MD, Nicole Brenson and Jaya Sariga, NNP-BC**, planners of this educational activity, have no relevant financial relationships with ineligible companies to disclose.

**Commercial Support:** There is no commercial support for this educational activity.

### **Objectives**

*At the conclusion of this activity, the participant will be able to:*

- Explain the difference between exome or genome sequencing and other genetic tests (such as gene panels, karyotype, chromosomal microarray).
- Describe potential benefits of rapid exome or genome sequencing for NICU infants.
- Identify barriers to routing implementation of exome or genome sequencing in the NICU.

### **Evaluation, Attendance and Credit**

Within <https://pediatrix.cloud-cme.com>, click My CE and then select Evaluations and Certificates. Follow the instructions to record attendance/time spent and complete the brief evaluation. **Completion of the evaluation within 30 days is required to receive CME credit or nursing contact hours for this educational activity.** You will have the option to email the certificate of attendance to your mailbox.
