Time to Complete

The estimated time for completion of this Internet Enduring Material is 50 minutes.

Target Audience

This presentation is intended for physicians, advanced practice providers, and other clinicians practicing within Pediatric Hospital Medicine & Neonatology.

Mitigation of Relevant Financial Relationships

The Pediatrix Center for Research, Education, Quality and Safety adheres to the ACCME's Standards for Integrity and Independence in Accredited Continuing Education. Any individuals in a position to control the content of a CE activity, including faculty, planners, reviewers or others are required to disclose all financial relationships with ineligible companies within the 24 months prior to their involvement with the CE activity. All relevant financial relationships listed have been mitigated prior to the commencement of the activity. Beyond disclosure of financial relationships, faculty are required to disclose when they plan to discuss pharmaceuticals and/or medical devices that are not approved by the FDA and/or medical or surgical procedures that involve an unapproved or "off-label" use of an approved device or pharmaceutical.

Disclosure of Relevant Financial Relationships

Dr. Adam Farmer, faculty for this educational activity, has no relevant financial relationships with ineligible companies to disclose. *FDA Disclosure:* none to report.

Vicki Leamy and Nicole Brenson, planners of this activity, have no relevant financial relationships with ineligible companies to disclose.

Commercial Support

There is no commercial support for this educational activity.

Overview

This activity will review the American Academy of Pediatrics (AAP) Clinical Practice Guidelines for the *Evaluation and Management of Well-Appearing Febrile Infants 8 to 60 Days Old* published on August 1, 2021.

Objectives

At the conclusion of this activity, the participant will be able to:

- Identify the correct tests to determine the risk of invasive bacterial infection in young infants (28-60d).
- Discuss the appropriate antibiotics and dosage of each based on the infants age and lab results.

ABMS/ACGME Competencies

- Medical Knowledge
- Practice-Based Learning and Improvement

IOM Competencies

- Provide patient-centered care
- Employ evidence-based practice

Participation and Credit

Participants are expected to review all content in the video, access reference materials as needed for additional self-directed learning, take and score 75% or greater correct on the post-test, and complete the evaluation in order to earn *AMA PRA Category 1 Credit(s)*[™], or nursing contact hour(s).

There are no fees for participating in or receiving credit for this online educational activity. For information on applicability and acceptance of credit for this activity, please consult your professional licensing board.
